

Randuni Nethmini

Software Engineering Intern

✉ randuninethmini63@gmail.com | 📞 +94 71 905 3337 | 📄 Randuni Nethmini | 🌐 Randuni Nethmini | 🌐 Portfolio

Profile

Dedicated and motivated undergraduate student with a strong interest in the MERN stack (MongoDB, Express JS, React JS, Node JS). Possesses a solid foundation in front-end development and a comprehensive understanding of back-end technologies, with a continuous drive to learn and adapt to emerging technologies. Seeking a Software Engineering internship that provides the opportunity to apply technical knowledge, gain hands-on industry experience and enhance skills through collaborative and innovative projects.

Education

Sabaragamuwa University of Sri Lanka

B.Sc. (Hons) in Computing and Information Systems

2023 – Present

Current GPA: 3.20

H / Ruhunu Vijayaba National School, Beliatta

G.C.E. Advanced Level Examination (Physical Science Stream)

2021

Projects

AcciAlert - Real-Time Accident Reporting and Navigation System (Group) 🔄

Flutter, Firebase, Figma

- Contributed to front-end development and Figma design. Enhanced road safety and emergency response efficiency through real-time accident reporting and intelligent navigation.

Video Streaming Platform (Group) 🔄

HTML, CSS, JavaScript

- Developed a responsive video streaming platform with smooth video playback and categorized video library. Designed a user-friendly interface ensuring accessibility and responsiveness.

Ctrl Room - Computer Lab Management System (Group) 🔄

React JS, Tailwind CSS, Laravel, MySQL

- Developed a comprehensive lab management system automating lab scheduling and monitoring computer usage. Implemented admin dashboard with real-time insights and role-based access control.

EMS - Employee Management System (Individual) 🔄

React JS, CSS, Node JS, Express JS, MongoDB

- Designed to improve employee management efficiency with an admin interface to add and manage employee details. Developed front-end with React JS and currently integrating back-end using Node JS and MongoDB.

CafeXpress (Individual) 🔄

HTML, CSS

- Developed a coffee shop-themed website demonstrating front-end design and styling skills.

Cake Ordering Mobile Application (Individual) 🔄

Figma

- Designed a cake ordering mobile app focusing on UI/UX, styling, and performance using Figma.

Technical Skills

- Programming Languages:** HTML, CSS, Java, JavaScript, Python
- Frameworks:** React JS, Node JS, Express JS, Tailwind CSS
- Databases:** MySQL, MongoDB
- Tools:** Figma, VS Code, GitHub, Canva

Soft Skills

- Teamwork and Collaboration
- Critical Thinking and Problem-Solving
- Attention to Detail
- Time Management and Organization
- Effective Communication
- Adaptability and Continuous Learning

Extra Curricular Activities

Volunteering in Secretary Team - PearlHack 4.0 - IEEE WIE Student Branch Affinity Group of SUSL.

Volunteered in Finance Team - PearlHack 3.0 - IEEE WIE Student Branch Affinity Group of SUSL.

Participated in AlgoXplora 1.0 - Organized by Hackathon Hub, NSBM.

Participated in HackElite 1.0 - Organized by IEEE WIE Student Branch Affinity Group, University of Moratuwa.

Certificates

Front-End Web Development - University of Moratuwa 

React JS for Beginners - Simplilearn 

UI/UX for Beginners - Simplilearn 

Introduction to SQL - Simplilearn 

Python for Beginners - University of Moratuwa 

Foundation of Project Management - University of Moratuwa

Web Design for Beginners - University of Moratuwa
